

Keeping myself and others safe

To help keep myself, and other people safe when using ICT, I agree to follow these simple steps.

	<p>I will only use the Internet with permission from adults at school. I'll make sure people know what I'm doing.</p>
	<p>I will only click on icons and links when I know they are safe.</p>
	<p>I will only send friendly and polite messages to people I know. I will not contact strangers.</p>
	<p>If I see something I don't like on a screen, I will click on Hector the protector and always tell an adult</p>
